  2. The Child is and continues to be chiefly dependent upon the Member, spouse, or domestic partner for support and maintenance.
  3. The Plan Administrator provides proof satisfactory to the Company within 31 days after the Child's attainment of the limiting age. The Company may request proof annually.
- 2.3 Initial Enrollment Period.** To enroll, the eligible employee must submit an enrollment application to the Plan Administrator for himself/herself and any eligible family members to be covered within 31 days after attaining initial eligibility. Coverage begins on the date the eligible employee attains initial eligibility. Eligible employees and their eligible family members who do not enroll during the initial enrollment period may enroll only during an open enrollment period or a special open enrollment period.
- 2.4 Open Enrollment Period.** If an eligible employee or their eligible family member did not enroll during the initial enrollment period or during a special enrollment period, an eligible employee may enroll during the open enrollment period by submitting an enrollment application to the Plan Administrator. Coverage will begin on the anniversary date of the Contract.
- 2.5 Special Enrollment Period.** If an eligible employee or eligible family member did not enroll during the initial enrollment period or during an open enrollment period, the eligible employee may apply for coverage during a special enrollment period after the following triggering events:
- 2.5.1 Birth or Adoption.** An eligible employee, an eligible spouse or domestic partner, and/or newly eligible family members may enroll following the birth or adoption of an eligible Child by submitting an enrollment application to the Plan Administrator. If additional

Premium is required, the additional Premium must be paid within 60 days after the eligible Child's birth for newborn Children or 60 days after the date of placement for adoption or following assumption of a legal obligation for the Child's support for an adopted Child. Coverage will begin on the newborn Child's date of birth or on the adopted Child's date of placement for adoption or assumption of a legal obligation for the Child's support in anticipation of adoption of the Child. For an enrolled newborn Child, coverage shall include, but is not limited to benefits for Covered Services provided for treatment of congenital anomalies from the date of birth.

**2.5.2 Newly Eligible Family Members.** An eligible employee and the newly eligible family members may enroll following the date of marriage or registration of a domestic partnership; court appointment as a custodian or legal guardian; or issuance of a QMCSO by submitting an enrollment application and applicable Premium to the Plan Administrator within 31 days after the triggering event. In addition, an eligible employee or eligible family member may enroll if he/she becomes newly eligible for premium assistance under Children's Health Insurance Program (CHIP) or Medicaid by submitting an enrollment application and the applicable Premium to the Plan Administrator within 60 days after the employee or family member is determined to be eligible for such assistance. Coverage will begin on the first day of the month after receipt of the enrollment application.

**2.5.3 Loss of Coverage.** An eligible employee and eligible family members who lose coverage under another employer dental plan may enroll outside of the open enrollment period. Reasons for the loss of coverage may include exhaustion of COBRA continuation coverage, loss of eligibility (including as a result of legal separation, divorce, dissolution of domestic partnership, death, termination of employment or reductions in the number of hours of employment), termination of premium assistance under CHIP or Medicaid, or reduction in employer contribution toward such coverage. If an eligible employee and eligible family members desire to enroll following loss of other coverage, the eligible employee must submit an enrollment application within 31 days after the loss of coverage, or within 60 days when the loss of coverage was CHIP or Medicaid. Coverage will begin on the first day of the month after receipt of the enrollment application.

## Section 3 Premium Provisions

---

- 3.1 Payment of Premium.** The Premium for each Enrollee is due monthly on or before the first day of each month. The Plan Administrator must submit payment of Premium for all Enrollees to the Company in a single lump sum. A 30-day grace period is granted for the payment of Premium. If Premium remains unpaid at the end of the grace period, the Company shall be released from all further obligations under the Contract. Only Enrollees for whom the Company has received Premium payment are entitled to Covered Services.
- 3.2 Payment of Premium when Coverage is Continued.** If the Enrollee is eligible for continuation rights and elects to continue coverage, the Enrollee must submit timely payment of Premium through the Plan Administrator.
- 3.3 Return of Advance Payment of Premium.** If the Plan Administrator submits early payment of Premium prior to the termination of the Contract, the Company will return the unearned Premium to the Plan Administrator. Prior written notice of the intent to terminate in accordance with the Contract must be provided. The Plan Administrator must promptly notify all Enrollees of the termination of the Contract. If an Enrollee receives Covered Services after termination or for any period for which Premium remains unpaid, the Participating Provider is entitled to recover the Reasonable Cash Value of the Covered Services provided during that period.

## Section 4 Dental Coverage

---

- 4.1 Agreement to Provide Covered Services.** The Company agrees to provide benefits for prescribed Covered Services that are listed as covered in the appendices. Covered Services must be provided by the Participating Provider except as specified otherwise. All Covered Services are expressly subject to the Copayments, exclusions, limitations, and all other provisions of the Contract.
- 4.2 Referral to a Specialist.** The Participating Provider may refer an Enrollee to a Specialist or Non-Participating Provider for Covered Services. The Company agrees to provide benefits for Covered Services provided by a Specialist or Non-Participating Provider only if:
- a. The Participating Provider refers the Enrollee;
  - b. The Covered Services are specifically authorized by the Participating Provider's referral; and
  - c. The Covered Services are listed as covered in the appendices and are not otherwise limited or excluded.
- 4.3 Emergency Care.**
- 4.3.1** Participating Providers will provide Enrollees with treatment of a Dental Emergency during office hours. The Company will provide benefits for Covered Services provided for treatment of a Dental Emergency provided by Preferred Providers. If the Participating Provider's offices are closed, the Enrollee may access after-hours clinical assistance by calling the Appointment Center at 1.855.4DENTAL (1-855-433-6825). There is no cost for accessing after-hours clinical assistance.
- 4.3.2** The Enrollee may seek treatment for a Dental Emergency from a Non-Participating Provider if the Enrollee is more than 50 miles from any Participating Provider office. The Company will reimburse the Enrollee up to the Out of Area Emergency Reimbursement amount less any Copayments specified in the Appendix A for the cost of the Covered Services rendered. The Enrollee must submit a written request for reimbursement to the Company within 6 months of the date of service. The written request should include the Enrollee's signature, the attending Non-Participating Provider's signature, and the attending Non-Participating Provider's itemized statement. Additional information, including X-rays and other data, may be requested by the Company to process the request. The benefit for out of area Dental Emergency treatment will not be provided if the requested information is not received.
- 4.4 Dual Coverage.** A Member may not be covered more than once as a Member under the Contract.
- 4.5 Coordination of Benefits.** This coordination of benefits (COB) provision applies when a person has dental coverage under more than one Plan. Plan is defined below.
- 4.5.1** The Order of Benefit Determination Rules govern the order in which each Plan will pay a claim for benefits. The Plan that pays first is called the Primary Plan. The Primary Plan must pay benefits according to its policy terms without regard to the possibility that another Plan may cover some expenses. The Plan that pays after the Primary Plan is the

Secondary Plan. The Secondary Plan may reduce the benefits it pays so that payments from all Plans do not exceed 100% of the total Allowable Expense.

#### **4.5.2 Definitions**

- a. A Plan is any of the following that provides benefits or services for dental care or treatment. If separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered parts of the same Plan and there is no COB among those separate contracts. However, if COB rules do not apply to all contracts, or to all benefits in the same contract, the contract or benefit to which COB does not apply is treated as a separate Plan.
  1. Plan includes: group, individual or blanket disability insurance contracts, and group or individual contracts issued by health care service contractors or health maintenance organizations (HMO), Closed Panel Plans or other forms of group coverage; medical care components of long-term care contracts, such as skilled nursing care; and Medicare or any other federal governmental Plan, as permitted by law.
  2. Plan does not include: Hospital indemnity or fixed payment coverage or other fixed indemnity or fixed payment coverage; accident only coverage; specified disease or specified accident coverage; limited benefit health coverage, as defined by state law; school accident type coverage; benefits for nonmedical components of long-term care policies; automobile insurance policies required by statute to provide medical benefits; Medicare supplement policies; Medicaid coverage; or coverage under other federal governmental plans, unless permitted by law.
  3. Each contract for coverage under 1 or 2 is a separate Plan. If a Plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate Plan.
- b. This Plan means, in a COB provision, the part of the contract providing the dental care benefits to which the COB provision applies and which may be reduced because of the benefits of other Plans. Any other part of the contract providing dental care benefits is separate from This Plan. A contract may apply one COB provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another COB provision to coordinate other benefits.
- c. The Order of Benefit Determination Rules determine whether This Plan is a Primary Plan or Secondary Plan when the person has dental care coverage under more than one Plan. When This Plan is primary, it determines payment for its benefits first before those of any other Plan without considering any other Plan's benefits. When This Plan is secondary, it determines its benefits after those of another Plan and must make payment in an amount so that, when combined with the amount paid by the Primary Plan, the total benefits paid or provided by all Plans for the claim equal 100% of the total Allowable Expense for that claim. This means that when This Plan is secondary, it must pay the amount which, when combined with what the Primary Plan paid, totals not less than the same Allowable Expense that This Plan would have paid if it were the Primary Plan. In addition, if This Plan is secondary, it must calculate its savings (its amount paid subtracted from the amount it would have paid had it been the Primary Plan) and record these savings as a benefit reserve for the covered person. This reserve must be used to pay any expenses during that calendar year, whether or not they are an Allowable Expense under This Plan. If

This Plan is secondary, it will not be required to pay an amount in excess of its maximum benefit plus any accrued savings.

- d. Allowable Expense is a dental care expense, including deductibles, coinsurance and copayments, that is covered at least in part by any Plan covering the person. When a Plan provides benefits in the form of services, the Reasonable Cash Value of each service will be considered an Allowable Expense and a benefit paid. An expense that is not covered by any Plan covering the person is not an Allowable Expense. The Allowable Expense for the Secondary Plan is the amount it allows for the service in the absence of other coverage that is primary.
- e. The following are examples of expenses that are not Allowable Expenses:
  - 1. The difference between the cost of a semi-private hospital room and a private hospital room is not an Allowable Expense, unless one of the Plans provides coverage for private hospital room expenses.
  - 2. If a person is covered by two or more Plans that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement method or other similar reimbursement method, any amount in excess of the highest reimbursement amount for a specific benefit is not an Allowable Expense.
  - 3. If a person is covered by two or more Plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an Allowable Expense.
- f. Closed Panel Plan is a Plan that provides dental care benefits to covered persons in the form of services through a panel of providers who are primarily employed by the Plan, and that excludes coverage for services provided by other providers, except in cases of emergency or referral by a panel member.
- g. Custodial parent is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the Child resides more than one half of the calendar year excluding any temporary visitation.

**4.5.3 Order of Benefit Determination Rules.** When a person is covered by two or more Plans, the rules for determining the order of benefit payments are as follows:

- a. The Primary Plan pays or provides its benefits according to its terms of coverage and without regard to the benefits under any other Plan.
- b. Except as provided in subsection c, a Plan that does not contain a coordination of benefits provision that is consistent with state regulation regarding coordination of benefits is always primary unless the provisions of both Plans state that the complying Plan is primary.
- c. Coverage that is obtained by virtue of membership in a group and designed to supplement a part of a basic package of benefits may provide that this supplementary coverage is excess to any other parts of the Plan provided by the contract holder. Examples include major medical coverages that are superimposed over hospital and surgical benefits, and insurance type coverages that are written in connection with a Closed Panel Plan to provide out-of-network benefits.
- d. A Plan may consider the benefits paid or provided by another Plan in calculating payment of its benefits only when it is secondary to that other Plan.
- e. Each Plan determines its order of benefits using the first of the following rules that apply:
  - 1. Nondependent or dependent. The Plan that covers the person other than as a dependent, for example as an employee, member, policyholder, subscriber or

retiree is the Primary Plan and the Plan that covers the person as a dependent is the Secondary Plan. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the Plan covering the person as a dependent, and primary to the Plan covering the person as other than a dependent (e.g., a retired employee), then the order of benefits between the two Plans is reversed so that the Plan covering the person as an employee, member, policyholder, subscriber or retiree is the Secondary Plan and the other Plan is the Primary Plan.

2. Dependent Child covered under more than one Plan. Unless there is a court decree stating otherwise, when a dependent Child is covered by more than one Plan the order of benefits is determined as follows:
  - (a) For a dependent Child whose parents are married or are living together, whether or not they have ever been married: the Plan of the parent whose birthday falls earlier in the calendar year is the Primary Plan; or if both parents have the same birthday, the Plan that has covered the parent the longest is the Primary Plan.
  - (b) For a dependent Child whose parents are divorced or separated or not living together, whether or not they have ever been married:
    - (i) If a court decree states that one of the parents is responsible for the dependent Child's dental care expenses or dental care coverage and the Plan of that parent has actual knowledge of those terms, that Plan is primary. This rule applies to claim determination periods commencing after the Plan is given notice of the court decree;
    - (ii) If a court decree states one parent is to assume primary financial responsibility for the dependent Child but does not mention responsibility for dental care expenses, the Plan of the parent assuming financial responsibility is primary;
    - (iii) If a court decree states that both parents are responsible for the dependent Child's dental care expenses or dental care coverage, the provisions of subparagraph (a) above determine the order of benefits;
    - (iv) If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the dental care expenses or dental care coverage of the dependent Child, the provisions of subsection (a) above determine the order of benefits; or
    - (v) If there is no court decree allocating responsibility for the dependent Child's dental care expenses or dental care coverage, the order of benefits for the Child are as follows:
      - The Plan covering the Custodial Parent, first;
      - The Plan covering the spouse of the Custodial Parent, second;
      - The Plan covering the noncustodial parent, third; and then
      - The Plan covering the spouse of the noncustodial parent, last.
  - (c) For a dependent Child covered under more than one Plan of individuals who are not the parents of the Child, the provisions of subsection (a) or (b) above determine the order of benefits as if those individuals were the parents of the Child.
3. Active employee or retired or laid-off employee. The Plan that covers a person as an active employee, that is, an employee who is neither laid off nor retired, is the Primary Plan. The Plan covering that same person as a retired or laid-off employee is the Secondary Plan. The same would hold true if a person is a

dependent of an active employee and that same person is a dependent of a retired or laid-off employee. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule under section e.1. can determine the order of benefits.

4. COBRA or state continuation coverage. If a person whose coverage is provided under COBRA or under a right of continuation provided by state or other federal law is covered under another Plan, the Plan covering the person as an employee, member, subscriber or retiree or covering the person as a dependent of an employee, member, subscriber or retiree is the Primary Plan and the COBRA or state or other federal continuation coverage is the Secondary Plan. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule under section e.1. can determine the order of benefits.
5. Longer or shorter length of coverage. The Plan that covered the person as an employee, member, policyholder, subscriber or retiree longer is the Primary Plan and the Plan that covered the person the shorter period of time is the Secondary Plan.
6. If the preceding rules do not determine the order of benefits, the Allowable Expenses must be shared equally between the Plans meeting the definition of Plan. In addition, This Plan will not pay more than it would have paid had it been the Primary Plan.

**4.5.4 Effect on the Benefits of This Plan.** When This Plan is secondary, it may reduce its benefits so that the total benefits paid or provided by all Plans during a claim determination period are not more than the total Allowable Expenses. In determining the amount to be paid for any claim, the Secondary Plan must make payment in an amount so that, when combined with the amount paid by the Primary Plan, the total benefits paid or provided by all Plans for the claim cannot be less than the same Allowable Expense as the Secondary Plan would have paid if it was the Primary Plan. Total Allowable Expense is the highest Allowable Expense of the Primary Plan or the Secondary Plan. In addition, the Secondary Plan must credit to its Plan deductible any amounts it would have credited to its deductible in the absence of other dental care coverage.

**4.5.5 Right to Receive and Release Needed Information.** Certain facts about dental care coverage and services are needed to apply these COB rules and to determine benefits payable under This Plan and other Plans. The Participating Provider may get the facts it needs from or give them to other organizations or persons for the purpose of applying these rules and determining benefits payable under This Plan and other Plans covering the person claiming benefits. The Participating Provider need not tell, or get the consent of, any person to do this. Each person claiming benefits under This Plan must give the Participating Provider any facts it needs to apply those rules and determine benefits payable.

**4.5.6 Facility of Payment.** If payments that should have been made under This Plan are made by another Plan, the issuer has the right, at its discretion, to remit to the other Plan the amount it determines appropriate to satisfy the intent of this provision. The amounts paid to the other Plan are considered benefits paid under This Plan. To the extent of such payments, the issuer is fully discharged from liability under This Plan.

- 4.5.7 Right of Recovery.** The issuer has the right to recover excess payment whenever it has paid Allowable Expenses in excess of the maximum amount of payment necessary to satisfy the intent of this provision. The issuer may recover excess payment from any person to whom or for whom payment was made or from any other issuers or Plans.
- 4.5.8** If an Enrollee is covered by more than one Plan, and the Enrollee does not know which is the Primary Plan, the Enrollee may contact any one of the Plans to verify which Plan is primary. The Plan the Enrollee contacts is responsible for working with the other Plan to determine which is primary and will let the Enrollee know within 30 days. Plans may have timely claim filing requirements. If the Enrollee or provider fails to submit a claim to a secondary health Plan within that Plan's claim filing time limit, the Plan can deny the claim. If the Enrollee experience delays in the processing of a claim by the Primary Plan, the Enrollee or provider will need to submit a claim to the Secondary Plan within its claim filing time limit to prevent a denial of the claim. To avoid delays in claims processing, if an Enrollee is covered by more than one Plan, the Enrollee should promptly report to providers and Plans any changes in coverage.

- 5.2.1 **Alternate Services.** If alternative services can be used to treat a condition, the service recommended by the Participating Provider is covered. In the event the Enrollee elects a service that is more costly than the service the Participating Provider has approved, the Enrollee is responsible for the Copayment for the recommended covered service plus the cost differential between Reasonable Cash Value of the recommended service and Reasonable Cash Value of the more costly requested service.
- 5.2.2 **Congenital Malformations.** Services listed in the Appendix A which are provided to correct congenital or developmental malformations which impair functions of the teeth and supporting structures will be covered for Dependent Children if dental necessity has

been established. Dental necessity means that treatment is primarily for the purpose of controlling or eliminating infection, controlling or eliminating pain, or restoring function. Orthognathic surgery is covered as specified in the Appendix A, when the Participating Provider determines it is dentally necessary and authorizes the orthognathic surgery for treatment of an Enrollee, under age 19, with congenital or developmental malformations.

**5.2.3 Endodontic Retreatment.**

- a. When initial root canal therapy was performed by the Participating Provider, the retreatment of such root canal therapy will be covered as part of the initial treatment for the first 24 months. After that time, the applicable Copayments will apply.
- b. When the initial root canal therapy was performed by a Non-Participating Provider, the retreatment of such root canal therapy by the Participating Provider will be subject to the applicable Copayments.

**5.2.4 General Anesthesia.** General anesthesia is covered with the Copayments specified in the Appendix A only if the following criteria are met:

- a. It is performed in a dental office;
- b. It is provided in conjunction with a covered service; and
- c. The Participating Provider determines that it is necessary because the Enrollee is under age 7, developmentally disabled, or physically handicapped.

- d. The applicable Copayments are paid.

**5.2.6 Replacements.** The replacement of an existing denture, crown, inlay, onlay, or other prosthetic appliance is covered if the appliance is more than 5 years old and replacement is dentally necessary due to one of the following conditions:

- a. A tooth within an existing denture or bridge is extracted;
- b. The existing denture, crown, inlay, onlay, or other prosthetic appliance or restoration cannot be made serviceable; or
- c. The existing denture was an immediate denture to replace one or more natural teeth extracted while covered under the Contract, and replacement by a permanent denture is necessary.

**5.2.7 Restorations.** Crowns, casts, or other indirect fabricated restorations are covered only if dentally necessary and if recommended by the Participating Provider. Crowns, casts, or other indirect fabricated restorations are dentally necessary if provided for treatment for decay, traumatic injury or substantial loss of tooth structure undermining one or more cusps and the tooth cannot be restored with a direct restorative material or the tooth is an abutment to a covered partial denture or fixed bridge.

## Section 6 Termination of Coverage

  - 6.1.3** On the last day of the month during which eligibility ceases.
  - 6.1.4** On the last day of the month with 30 days prior written notice to the Enrollee of good cause for termination. Good cause includes, but is not limited to, a documented inability to establish or maintain an appropriate provider–patient relationship with the Participating Provider, threats or abuse towards the Participating Provider, office staff, or other patients, or nonpayment of Copayments.
  - 6.1.5** If coverage terminates for the Member, it will terminate for Dependents covered under the Member.
- 6.2 False Statements.** False statements or withholding information, with intent to affect eligibility or enrollment, affect the risks assumed by the Company or mislead the Company into providing Covered Services it would not have provided, is a material breach of the Contract. Any ineligible person mistakenly enrolled will not be entitled to Covered Services. The Company is entitled to repayment for the Reasonable Cash Value of the Covered Services provided during the period of ineligibility from the ineligible person and any person responsible for making false statements.
- 6.3 Cessation of Benefits.** No person shall have or acquire a vested right to receive Covered Services after termination of the Contract. Termination of the Contract completely ends all obligations of the Company to provide Covered Services, even if the Enrollee was receiving treatment while the Contract was in force or needs treatment for any existing condition, unless specified otherwise.
- 6.4 Continuation Rights.** The Plan Administrator may postpone the termination of coverage for any Enrollee as described below. The Plan Administrator agrees to administer continuation of coverage in accordance with state and federal laws and notify all Enrollees of their right to continuation of coverage.
- 6.4.1 Federal or State Mandated Continuation Coverage.** Coverage may continue in accordance with any federally-mandated or state-mandated leave act or law. For more information regarding federal and state mandated continuation of coverage, please contact the Plan Administrator.
  - 6.4.2 COBRA.** Under the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA), as amended, certain circumstances, called qualifying events, give Members and some Dependents the right to continue coverage beyond the time it would ordinarily end. Federal law governs COBRA continuation rights and obligations. The Plan Administrator

is responsible for administering COBRA continuation coverage. For more information regarding COBRA during a leave of absence, please contact the Plan Administrator.

**6.4.3 Labor Disputes.** If a Member ceases to satisfy the minimum working requirement due to a strike, lockout, or other general work stoppage caused by a labor dispute, coverage may continue for up to 6 months.

a. The following rules will apply:

1. If a Member's compensation is suspended or terminated because of a work stoppage caused by a labor dispute, the Plan Administrator will notify the Member in writing of the right to continue coverage.
2. The Member must pay Premium through the Plan Administrator, including the Policyholder's portion.
3. Premium rates during a work stoppage are equal to the Premium rates in place before the work stoppage. The Company may change Premium rates according to the provisions of the Contract.

b. Coverage will terminate on the earliest of the following:

1. The last day of the month for which Premium is paid, if Premium remains unpaid at the end of the grace period;
2. The last day of the 6<sup>th</sup> month following the date the work stoppage began;
3. The last day of the month after the Member begins full-time employment with another employer; or
4. The date of termination of the Contract.

**6.4.4 Leave of Absence.** Coverage may be continued for 3 months during a temporary, employer approved leave of absence. For more information regarding continuation of coverage during a leave of absence, please contact the Plan Administrator.

**6.4.5** If coverage ends because continuation rights expire, coverage may reinstate pursuant to applicable federal or state law, if the Enrollee satisfies the applicable eligibility and enrollment requirements.

**6.5 Reinstatement.** The waiting period is waived for employees who are rehired, if the date of rehire occurs within 90 days of the employment termination date. The waiting period is waived for previously eligible employees who become ineligible for coverage due to a reduction of work hours, provided the employee becomes eligible again within 90 days of the date of coverage is terminated. Coverage will begin on the first day of the calendar month following or coinciding with the date of re-hire or re-eligibility for coverage.

**6.6 Extension of Benefits.** Benefits for the following services that require multiple appointments may extend after coverage ends. An Enrollee terminated for good cause or failure to pay Premium is not eligible for an extension of benefits.

**6.6.2 Removable Prosthetic Devices.** Adjustments for removable prosthetic devices will be covered for up to 6 months after placement if final impressions are taken prior to

termination and the prosthesis is delivered within 60 days after termination. Laboratory relines are not covered after termination.

- 6.6.3 Immediate Dentures.** The delivery of immediate dentures will be covered if final impressions are taken prior to termination and the dentures are delivered within 60 days after termination. If coverage terminates prior to the extraction of teeth, the extractions will not be covered.
- 6.6.4 Root Canal Therapy.** The completion of root canal therapy will be covered if the root canal is started prior to termination and treatment is completed within 60 days after termination. Pulpal debridement is not a root canal start. If the root canal requires retreatment after 60 days from termination of coverage, retreatment will not be covered. Restorative work following root canal treatment is a separate procedure and not covered after termination.
- 6.6.5 Extractions.** Post-operative checks are covered for 60 days from the date of the extraction for extractions performed prior to termination. If teeth are extracted in preparation for a prosthetic device and coverage terminates prior to the final impressions, coverage for the prosthetic device will not be extended.
